## March of Dimes In Spurt Toward Goal

A more encouraging report was made by Chairman Starr Inzer as additional funds trickled in for the past week in the March of Dimes campaign for Hamlin.

Late Wednesday report was that an excess of \$1,000.00 had been contributed and Inzer was hopeful that a \$1,500.00 total would be reached before the close of the campaign.

Over five hundred letters have been mailed by Inzer to individuals who had not been solicited and response to this mail campaign has been very slow. He was hopeful that a tardy return from this source would swell the total sum.

A banner turnout is expected to a Home Talent Show which is on the program at Celotex tonight and this event will turn over its entire proceeds to the fund. The show will start at 7:30 and is to be held at the village club house.

Workers who are aiding Inzer in the drive are T. C. Blankenship, Harold Bonner, Weldon Carlton, Haskell Carter, Arlie Cassle, Onis Crawford, Boots Crawford.

Thomas Ferguson, B. B. Fredrick, C. L. Carroll, E. M. Hames, R. H. McCurdy, I. R. Huchingson, Eddie Jay, M. S. Johnson.

Hollis Madden, Alton Mayfield, George Malouf, L. H. McBride, Carl Murrell, B. W. Niedecken, J. E. Patterson, Edgar Duncan, Geo. Poe, Fred Smith.

O. D. Roland, W. C. Russell, A. Spencer, J. B. Terrell, Jr. and Holly Toler.

Inzer feels that the fact that over \$3,000.00 was spent in the treatment of one Hamlin case by the association last year should prove a stimulus to the campaign from a local standpoint.

## Chevron Station Sold To Scifres Brothers

C. O. Turner has disposed of his interest in the Chevron Service Station on the corner of Lake Drive and Central Avenue to the Scifres Brothers and that partnership assumed operation and management this week.

Information is that Turner will operate a like business in the vicinity of Dallas.

## Pipers Take Pair of District Hoop Wins

Hamlin's High school basketball five showed signs of finding their sights through the past week of play and two conference victories resulted from the improved shooting ability.

Wins over Rotan and Roby in district play were interrupted only by a loss to the formidable Avoca squad and the accuracy of W. T. Stapler from both court and foul line has been outstanding in the victory surge.

Against Rotan Stapler chalked up high point honors with 20 tallies and led his mates against the close guarding Avoca quint with 17 points. Tuesday night a dropped through another 20 points to lead in the Roby defeat by a 58 to 32 score. Sonny Etheridge was high for Roby with 11 points.

In the "B" game Glenn Smith found the range with a rapid fire scoring spree which gained 20 markers for his squad, which was enough to eclipse the 19-point total garnered by the Roby "B" quint. Margin of victory was 31 to 19. Billy King hit for seven points to lead his team.

The Roscoe Plowboys come to Hamlin tonight to start the second round of district play and Tuesday will be an open date for the Pipers.

## Wilburn Gann, Jr. To Get BS Degree at NTSC

Wilburn Andrew Gann Jr., son of Mr. and Mrs. W. A. Gann of Hamlin, is a candidate for a bachelor's degree at North Texas State College, Denton.

Gann will receive a bachelor of science degree with a major in industrial arts. Services will be held February 1.

## Fowler Sells Barbecue Place to K. S. Lang

Robert Fowler announced late Wednesday that a transaction had been completed wherein he has disposed of Bob's Barbecue to K. S. Lang of Aspermont.

Lang has had previous experience in the operation of cafes and reports are that he will be assisted by Mrs. Lang in the operation of their Hamlin business.

Fowler has accepted employment with Hardy Motor Company of Stamford and will represent that firm in Hamlin.

Plans are for Lang to open the barbecue establishment Friday.

## Track Squad Starts Season Workouts

First workouts have started for the Hamlin Pied Pipers for their spring track competition and candidates are beginning to shape up for what should be a strong squad in representation of the Green and White.

Athletes listed for the squad are Jon Adams, Ronald Armstrong, Milton Butler, James Brigham, David Cowan, Charles Durkee, Don Elmore.

Robert Fletcher, Watts Fletcher, David Ford, W. L. Fletcher, Asa Goodgame, Donald Green, Bobby Green, Don Gregory, Jim Harwell, Hub Hopper, Joe Don Hymer, Jimmy Ray, Don Rowland.

Glenn Smith, W. T. Stapler, Billy Sutherland, Frank Albert Tucker, Rex Vest, Howard Vest, Darrell Wheat, Jack Wright, Charles Early and Alvin Jones.

Athletes marked (\*) are with the basketball squad and have not started track training.

Coach Burditt has the following returning lettermen around whom the track contingent will be formed:

Armstrong, Robert and Watts Fletcher, Ford, Goodgame, Green, Rowland, and Stapler.

Early form displayed by David Cowan has been impressive and other candidates promise to add strength to the squad.

Plans are for a new track oval to be scraped during the weekend and rain would be of definite benefit to the new layout.

## Four Chosen for Jury In Anson Court Case

Four Hamlin people were chosen among jurors for the coming session of the 104th District Court at Anson.

They were: Earl E. Smith, banker; Cecil Brown, stock farmer; Onis M. Crawford, merchant and L. H. McBride, grain elevator operator.

FROM LACE TO LEOPARD—Tennis star Gussie Moran, who will make her pro debut at New York's Madison Square Garden on Oct. 26, has added a pair of leopard skin underpants to a wardrobe already bulging with abbreviated lace things. Neither Gussie or the leopard seem to mind the fact that the customers will be seeing spots before their eyes.

## N. Y. C. AA-Gunners Blast Soviet Aircraft

Or at least that's the way it looks in this picture combining photographs of three new Russian planes with a view of New York City's recently-installed anti-aircraft battery at Fort Totten. The Russian planes, zooming over the Army's 120-millimeter guns, are: at upper left, a TU-4, the four-engine bomber closely resembling in performance and appearance America's B-29 Superfort; directly below it, a MIG-15, the jet job which has been taking a beating in Korean border fights with U. S. Shooting Stars; at left, a Lavochkin jet that is reported to be faster than Russia's Yak. Although the Red ships appear formidable, the cocky gunners guarding New York gave 100-to-1 odds that they could knock anything out of the sky with their radar-controlled weapons.

## Baptist Mission Church Is Construction Project

Ground breaking Wednesday marked the start of construction on a new Missionary Baptist Church on the former Bynum property on North Central Avenue. The site of the new construction is just north of the Carl Murrell home and fronting across of the Jack Hames home.

The new project is a subsidiary undertaking of the First Baptist Church and the lots purchased for the site were bought at a \$1,000 price. Cost of the completed structure is expected to amount to \$15,000.

The committee which arranged for the purchase of the property was composed of Horace Brown, Mr. and Mrs. W. L. Boyd, Clyde Angel, Ira Clements and Mrs. Joe Simpson.

Persons active in the program have expressed the hope that the new structure will be ready for occupancy by February 10 and a suitable ceremony will doubtless be arranged with that date in mind.

After completion of the work of construction, visiting preachers will fill the pulpit for a time until a suitable man is selected.

The committee named above was assisted in their choice of property by Rev. A. R. Posey of the First Baptist Church.

Many sites were selected before the final choice was made.

## Howard Food Market Adds Panel Delivery

Howard Food Market Wednesday added a new grey Chevrolet panel truck for their free delivery service.

Upon the need for parts for the Jeep station wagon added recently and the unobtainability of same the Chevrolet truck was purchased.

## Mexican Mission Has New Full Time Pastor

Hamlin's new Mexican Mission built and opened October 4, 1950 has a new pastor now, according to a report made early this week.

The mission is located on the Stamford Highway and Rev. Victor Ortiz, student at Hardin-Simmons University, Abilene, is pastor.

Mrs. Joe Simpson is Sunday school superintendent and Faith Simpson is pianist.

## District Court Open With Big Jury List

Jury cases for the 104th District Court Wednesday at 9:00 a. m.

According to Judge Owen Thomas the docket includes: trial of Kenneth Davis, Haskell youth charged with rape; Kenneth Collins, disposal of mortgaged property; Lawton J. Reynolds, forgery and passing forged instrument; L. E. Anderson, forgery and passing forged instrument; Harry Virgel Smith Jr., driving while intoxicated, second offense.

Among the 90 special veniremen summoned to report in the Hamlin vicinity they were: Bryant Conner, I. R. Witt, R. S. Spraberry, Carl Bingham, Earl E. Smith, Cecil Brown, C. W. Gold, Onis M. Crawford, T. C. Robertson Jr., Durwood McCoy, Clarence Bailey, Art Carmichael, Byron O. Bell, Eugene McCoy, L. H. McBride, Weldon Carlton, Earl Whaley, Harry Carmichael, Clyde Alexander, Ira Treadwell, S. A. Teague and R. L. Williams.

## Pearl Hudson Attends Dallas Fashion Show

Pearl Hudson of The Style Mart attended the previews and showings of the latest 1951 spring and summer fashions in Dallas.

Around 5,000 fashion merchants attend the advance market.

LUCK'S biggest letter is U!

## Baptist Workers Meet Hears Local Pastors

Rev. W. R. Underwood and Rev. A. R. Posey, pastor of First Baptist Church both were attendants Tuesday of the Jones County Baptist Workers Conference held at the Stamford First Baptist Church.

Both preachers spoke at the afternoon session. Evangelism was the theme of the meeting.

## Faculty Sweeps To Victory Over Lions

The Fighting Faculty Five of Hamlin High school poured the points through the meshes last Thursday night when they met the Lions Club in a basketball game for the benefit of the March of Dimes. Final summary of the fray, taken in the dark when the lights were dimmed to get the contestants off the court, produced a 33-20 score tabulation in the faculty's favor.

The faculty quintet featured a smooth floor game from Coaches Townsend and Burditt and Burditt brought an effective object lesson to his high school charges when he hid his light under a bushel to feed the ball to his teammates. Principal target of Burditt and Townsend was Band Director Walter Chalcraft, who failed to tally a point for his team.

Bill Shira, Byron Bell and Jimmy Irwin were chief threats for the Lions and Harry Carmichael and Miller Whitehead furnished the comic relief. Failure of Chalcraft to score was principally due to an impragable defense offered by Stanley Carmichael, coach of the Lions hoopers. Carmichael went in late in the game as a precautionary measure against the threat of Chalcraft's deadly accuracy.

Intermission brought March of Dimes Chairman Starr Inzer to the floor to receive an excess of ninety dollars which was collected at the gate.

The Hamlin girls team performed in the curtain raiser for the evening and won by an overwhelming score over a girls team from Rotan.

Prison walls are not built to scale.

## Carl Savage Named As County Auditor

Carl Savage, Jones County's first county auditor, was appointed Friday, January 12 by Judge Owen Thomas of the 104th District Court.

Savage took the oath of office Monday morning and his bond was approved by the Commissioners Court.

The full time auditor job has been eligible for a full time auditor since it passed the \$15,000,000 annual tax rendition two or three years ago. Valuations now have passed the \$22,000,000 mark and officials felt that an auditor would save the county money.

Duties of the new post include: in addition to auditing of all books of county officials, the authorizing and approving of all expenditures.

In behalf of the new post Judge Thomas stated, "I have appointed him auditor on their recommendation because county tax rolls show a valuation of over \$22,000,000 and by reason of the fact of business transacted by the county and county officials, making it eligible and warranted."

Savage was born in Johnson County in 1909 and reared at Godley. He attended Weatherford Junior College three years, took summer courses in North Texas State College, Denton and University of Texas, Austin. He holds a degree from Hardin-Simmons University at Abilene.

He has been a Jones County resident since 1929. He taught five years at Swans Chapel, four years as principal; at Pleasant Hill a year as principal; at Anson for six years as principal of schools. Recently he was employed by the Southwest Motor Company at Anson. He is married and has a daughter, Gloria Ann, 8.

In conclusion Judge Thomas states, the appointment of auditor is for a two-year term and the position is appointive, not elective. Salary is \$4,000 annually.

## Fire Department Asks Cooperation To Clear Right of Way to Fires

Hamlin's Fire Department asked The Herald to make the following pleas of Hamlin citizens.

"The cooperation of all the citizens of the town would be greatly appreciated by us on keeping the streets clear when the whistle blows. Here of late we have had a hard time because of people blocking the route to the fire.

That's why we are asking that all people pull to the curb to help speed our work—for it may be your home."

Concluding the spokesman told a Herald reporter that also, we urge everyone to stand clear of the fireplug, hoses and especially out of the fire fighters way."

## Picnic Recipe Contest Sponsored by Safeway

Announcement was made late this week that the local Safeway Store and Samuels & Co., a Dallas meat packer are sponsoring a picnic recipe contest.

Information may be obtained at the store and prize of \$250. is to be awarded.

Winning recipes are to appear on the future wrapping of the packers products. Three noted Texas economists have been named judges.

## Cotton Outlook Is Subject of Meets Over Jones County

A series of cotton outlook meetings will be held in the Jones County area late January and early February according to a report made by Bill Lehmberg, County Agricultural Agent.

These meetings are in keeping with the recommendations of the 7-Step Cotton Committee.

Thursday night, February 1, at 7:30 p. m. a cotton meeting for the Hamlin area will be held at the Hamlin High School auditorium.

Bill Moore of the Jones County Veteran Vocational School will discuss the cotton insect and insecticide outlook for this year.

T. C. Balkinship, Vocational Agriculture Instructor, will cover the question of do we need more cotton in 1951.

Lehmberg will discuss the cotton production outlook.

All farmers and other interested in cotton and its outlook is urged to attend. Other meets are planned for Anson, Stamford Noodle and Hawley.

## Golden Gloves Set For February 2 Opening

Boys of the Hamlin area who like to box, and fans who like to watch, amateur boxing at its best are reminded that Golden Gloves time is nearly here.

The 14th annual Regional Golden Gloves Tournament is scheduled for the nights of February 2, 3, and 5 at Rose Field House on the Hardin-Simmons University campus.

There three general groups, each with eight weight divisions open to all amateurs 16 years of age and older.

## Pvt. Joseph Bodine Jr. Completes A. F. Basic

Pvt. Joseph A. Bodine Jr., 27, son of J. A. Bodine Sr., Route 3, Hamlin has completed his Air Force basic airmen indoctrination course at Lackland Air Force Base, San Antonio.

Upon his completion of this course, he will now be assigned into technical training and specialized work.

The latest craze isn't always found in the asylum.

## Lions Hear Details Of Proposed Camp

Superintendent I. R. Huchingson spoke before the Hamlin Lions Club Tuesday and brought a summary of the organization of the club as an educational feature to old and new members. Resume of club divisions both nationally and in the state of Texas was informative to the entire personnel. Highlight of Huchingson's talk was the statement that in world history since the formation of the club, no nation which contained a Lions Club had been at war with another member nation.

Conclusion of his talk brought a description of the work that is being undertaken by the state organization in fostering a vacation camp for crippled children at a site near Kerrville. Efforts are being made to gain subscriptions to the state fund for building the camp and additional information was requested by the club membership.

The movement was originally instituted by the Kerrville club and was adopted as a state project by the clubs of Texas when it proved to great for the Kerrville club to handle.

Joe Culbertson made an appeal for further aid from the club to the March of Dimes campaign and a fund exceeding forty dollars was raised through passing the hat.

Visitors were Don Smith, from Sweetwater, Dr. Bill Seals, new Hamlin dentist, and Rev. Howard Smith and R. P. Adams, new member of the faculty of Hamlin High school. Adams replaces Joe Weir, who resigned to enter dental school.

## Oil Play Featured By Bowdry Success

Oil activity as regards completions was comparatively stagnant during the week in the Hamlin area and the Texas Pacific Coal and Oil Mary K. Kennedy Number 1 took precedence in area interest. This well was completed as a very steady producer by that company. It was completed in the Swastika.

General Crude Oil Company has set pipe on their Bowdry Number 1 which provides another producer in the neighborhood of the Thomas Ferguson developments.

Sucker rods have been run on the R. J. Robertson Number 1 of Texas Pacific and a potential was to have been taken Thursday of this well as a pumper. Twenty per cent water had prohibited this well from flowing without installation of a pumping jack.

An unreported activity is the Sojourner Drilling Company location for their Russell Glenn Number 1 which is eight miles east of Hamlin. This well is nearing contract depth and was reported to be running level with the Whaley wells in that neighborhood.

Had is the past tense of money.

BELLS TOLLED FOR YOUNG AND OLD—Cupid recently un-notched two arrows in an apparent attempt to prove that age shields no heart from his missiles of love. The roguish archer, chalked up one direct hit on two Londoners, 78-year-old Mrs. Mary Marshall and Richard White, age 70. Only a few days after the bride, a widow with 11 grandchildren and seven great-grandchildren, walked down the aisle of London's Church of the Sacred Heart with her hubby, 12-year-old Virginia Pennell announced her marriage to 19-year-old Donald Gray of St. Louis. Mrs. Gray was a sixth grade student before Cupid took aim.

**ALL-DAY SMOKER**—After arriving in New York aboard the Gen. Blatchford, seven-month-old Maria Demtschuk of the Ukraine decided to celebrate with a “stogie.” Young Maria, who finds a cigar can be sucked indefinitely if the wrapper is not removed, was brought over here to join her father in Newark, N. J., by the War Relief Services of the National Catholic Welfare Conference.

**‘POSSUM PLAYS PHOTOGRAPHER** — Hundreds of people have had their pictures taken while holding a captured ‘possum in the offices of the Anderson Independent and Mail. But it remained for a ‘possum by the name of Porky to reverse the procedure. He breezed into the South Carolina newspaper office and had every person pose for a picture. Then Porky went back to his old home.

**TIED TO BE FIT**—The Korean peninsula, a war theater that has seen the UN Army, with victory almost within its grasp, forced to fall back by the entry of Chinese Communists into the struggle, is merely a place of business for the Korean blacksmith. While the world worries about what the Korean action may lead to, the unperturbed smithy carries on business as usual, since he is a bullock, one of the main beasts of burden in the Orient.

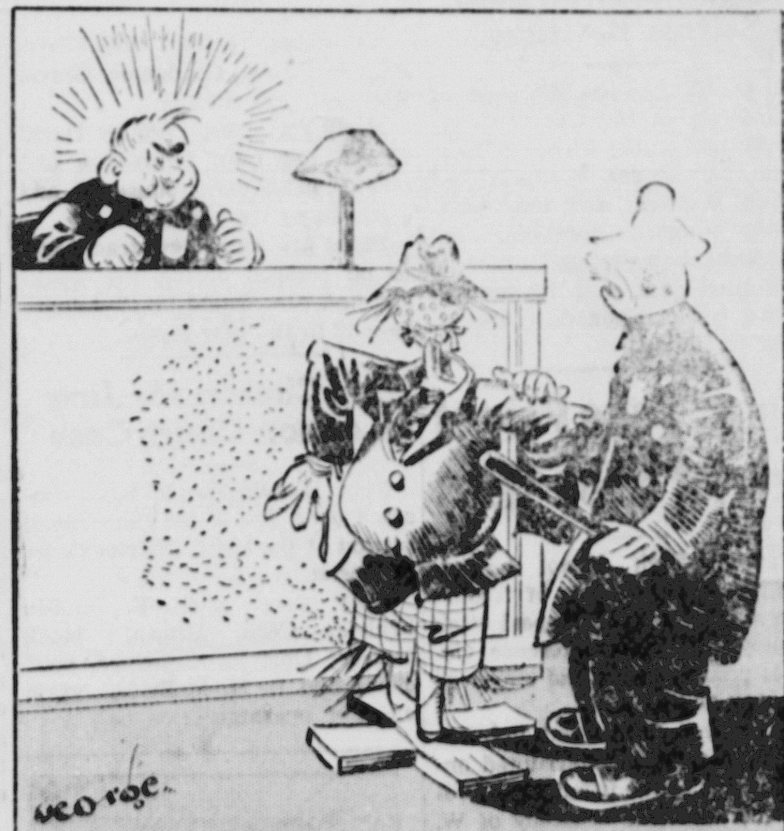

**PAMPERED PANDAS**—Idaho State College sophomore Dorothy Lehman (above) and 75 (or 42.6 per cent) of her dormitory chums sleep with pandas, teddy bears or something similarly cuddly, a survey recently revealed. This represents a big jump over the statistics compiled at Ohio State where it was found that only 16 per cent of the coeds were nightly snugglers. More than 80 per cent at both schools, however, sleep in pajamas.

**COMIN' ROUND THE MOUNTAIN**—Demonstrating his skiing skill on a mountainside, John Litchfield, 34, executive director of Sun Valley Ski School in Idaho, is the first American ever to head a major ski school anywhere in the world. A native of Auburn, Me., Litchfield was a member of the 1940 American Olympic ski team.

## GOOD HEALTH

**Answer to Question No. 1:**

1. Children as young as 16 months are sometimes fitted for glasses. The glasses, equipped with unbreakable lenses, must be checked frequently to see that the frames are not bent and that they are large enough to allow for the child's growth.

**Answer to Question No. 2:**

2. It depends on where they live. According to statistics published by the United Nations, persons born in the United States, Canada or France have the longest life expectancy (68.3 years, 67.2 and 65.3), whereas the inhabitants of Egypt can only anticipate 35.6 years, of

Mexico 33.3 years and of India 28.6. The difference lies chiefly in the health facilities available, as well as such factors as better nutrition and living conditions.

**Answer to Question No. 3:**

3. It is a test by a doctor to determine if a person is allergic (sensitive) to various substances and to what extent. A small piece of surgical cotton to which the substance has been applied is attached to the patient with a pad held in place by an adhesive strip. The appearance after removal of the patch and the extent of allergy is judged by the doctor. (Copyright 1950 by Health Information Foundation)

**Elma Ree Brewer Weds Bobby Crowley Friday At Rotan With Wedding Reception Following**

Elma Ree Brewer, daughter of Mr. and Mrs. R. E. Brewer, of Hamlin became the bride of Bobby Crowley in the home of her parents last Friday at 8:00 p. m. The single ring ceremony was read by Rev. Dan Jones, pastor of the Church of the Nazarene at Rotan.

The bride wore an ice blue taffeta ballerina length dress with brown accessories. She carried a white Bible topped with pink carnations. For something old she borrowed a lace handkerchief of her late grandmother's.

Glenna Lyn Brewer, sister of the bride, was her only attendant. She wore a pink taffeta dress with grey accessories.

Best man was Jimmy Sedberry. At the reception held in the home, following the ceremony the brides table was covered with lace over blue cloth and centered with a three tiered wedding cake.

It was decorated in blue and white and topped with a miniature bridal couple.

Mrs. Claudia Crowley served the cake and Mrs. Arnold Johnson ladled punch.

For traveling the bride wore a blue gaberdine suit with brown accessories.

The bride is a 1947 graduate of Hamlin High School and she attended San Angelo Junior College and the Shannon School of Nursing. She is now employed at the Hamlin Memorial Hospital.

The groom is also a 1947 graduate of Hamlin High School and attended the University of Texas, Austin and McMurry College, Abilene. He is now a senior at Hardin-Simmons University, Abilene. The couple will reside at 346 SW First Street.

**Angel Food Dessert Has Varied Servings**

If you're planning to serve a large group during the coming holidays, this Angel Food Dessert can be varied to suit the occasion.

Its easy to make and serves 20 people.

First scald 3 cups of milk, add pinch of salt. Beat together 4 egg yolks, 1 cup sugar and add to hot milk. Let come to boil and remove from stove.

Add 2 tablespoons plain gelatin which has been dissolved in 1/2 cup cold water. Cool. Fold in 4 stiffly beaten egg whites. Let stand until almost set. Then fold in 1 pint whipped cream with flavoring and sweetening added. Break small angel food cake into bite-size pieces. In a dish 14 x 8 x 2 put a layer of cake, then a layer of custard. Dot with fruit or nuts.

Repeat layers. Let set 12 to 24 hours in cool place. Cut into squares to serve. If desired, after you have the cake and custard, etc., in the dish, pour Jello over the top and let set. Any combination of fruits, fresh or canned, may be used.

### Foursquare Mission Council In Meeting

Foursquare Missionary Council

**HAMLIN LODGE No. 310**  
Chapter meets every fourth Thursday Night in month.  
Visitors Always Welcome  
Clarence Bailey, Sec'y.

met Tuesday at 2:00 p. m. in the home of Mrs. Carl Pool for a regular meeting.  
Mrs. Jack Riley was appointed reporter.  
The group of ladies worked on linens to be sent to the Crabtree, Arkansas Foursquare Church.  
Next meeting will be an all day meeting and luncheon at the home of Mrs. Coy Thompson.

### Quoth Mr. Ray Ven...

Once while Ray was longly talking Suddenly he heard a squawking... It was his dear wife remarking\* On his conversation sprce.

"Ray," she said, "you really should Space your calls so others could Use the party line.... It would Be fairer then, you see.

"Too, other users might get sore If you talk for evermore...."

Quoth then Ray Ven, "Nevermore Will I so careless be."

Good party-line neighbors allow time between calls. That gives other people on the line a chance to use it. Party-line service is best when everyone gets his turn to call—or be called.

#### KOLACKY

1 1/2 recipe Basic Sweet Dough (full recipe below)  
2 tablespoons melted butter  
Filling:   
Confectioners' sugar

When Basic Sweet Dough is light and doubled in bulk, punch down and allow to rest for 10 minutes. Divide dough into pieces the size of walnuts and form each part into a ball. Place the balls 2 inches apart on a greased baking sheet and allow them to rise in a warm place for about 15 minutes. Press down the center of each roll with the thumb to make a hollow, leaving a raised rim about 1/4 inch thick around the outside. Brush hollows with melted butter and fill with marmalade, jam, or chocolate. Allow to rise until doubled in bulk (about 45 minutes) and bake at 350° F. for 20 minutes. When cool, sprinkle generously with confectioners' sugar. Makes 24.

### FORD STEP-AHEAD ENGINEERING ACHIEVES NEW TRUCK ECONOMY

## Here they are! New FORD TRUCKS for '51

New driving comfort for '51 Ford Truck models, like this F-8, offer a choice of two new 5-STAR Cabs! New massive-modern front-end appearance makes Ford, more than ever, the truck style favorite!

**Yes... over 180 new models**

NEW Steering column gearshift in series F-1 for car-like shifting ease! NEW Grain-tight 64-ft. Pickup body has hardwood floor with steel-sid strips! NEW Wider rear cab window—50% more rear safety vision! NEW Two new cabs: The 5-STAR; and the 5-STAR EXTRA. Engineered for maximum driver comfort! 5-STAR EXTRA Cab has additional features at slight extra cost. NEW Chrome-plated top piston rings now standard in all four Ford engines, for longer cylinder life! NEW Autothermic pistons, high-lift camshafts for top performance! NEW Easier, quiet shifting with new 4-speed Synchro-Silent transmission available at extra cost on Ford Series F-4, F-5 and F-6 models!

New Ford Trucks for '51 offer you great new economy features... to do MORE per dollar.

There are more than 180 models, with new features throughout... from 95-h.p. Pickups to 145-h.p. Big Jobs! With a Ford Truck, and ONLY with a Ford Truck, you can choose a V-8 or Six, to match your power needs exactly.

Behind the new Ford front end are engine performance advancements like new autothermic pistons, new chrome-plated top rings, new high-lift camshafts... new transmissions, and axle for even longer truck life.

**WORKS AND SAVES AUTOMATICALLY ALL THE TIME**

1. The Ford Truck Power Pilot is a simpler, fully-proven way of getting the most power from the least gas!

2. It automatically meters and fires the right amount of gas, at precisely the right instant, to match constantly changing speed, load and power requirements.

3. Unlike conventional systems, the Power Pilot uses only one control instead of two, yet is designed to synchronize firing twice as accurately.

4. You can use regular gas... yet you get no-knock performance! Only Ford in the low-price field gives you Power Pilot Economy!

### Teenager Gets Appetite Back; Thanks Hadacol

HADACOL Supplies Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron Which Her System Lacked.

According to Sara Loraine Beck, Box 253, Coker, Alabama, when a person is only 15 years old and feels terrible, can't eat or sleep the way they should, it's mighty bad. That is the way Loraine says she used to feel.

But that was, of course, before she started taking HADACOL. Loraine found that taking HADACOL helped her system overcome deficiencies in Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron, which HADACOL contains.

Here is Loraine Beck's own statement: "I was run-down, sick and skinny, and weighed only 90 pounds before I used HADACOL. I would not eat because I had no appetite. Now I weigh 123 pounds and have an appetite. I feel a lot better. I have been taking HADACOL 10 months and am still taking it. I am 15 years old. HADACOL has done me lots of good."

## HOW DO YOU WASH

Below is a poem that was clipped recently from an article which The Herald passes on to its readers. Thank God tomorrow's Monday And I have to wash the clothes I can think of soap and bluing And forget about my woes. I can scrub away my heartaches, Turn my troubles inside out, Run my worries thru the wringer, Let the wind iron out my doubts. I can starch my weak excuses, Scrub away my flimsy fears Build a palisade on the clothesline And shut out the worldly jeers. And always I am feeling fine When Monday's wash is on the line. —Clipped

## Make Your Spring Hat a Spring Tonic

BY EDNA MILES

IN spring a young woman's fancy lightly turns to thoughts of hats. But the wisest of women direct their attention towards the often troublesome matter of selecting headwear long before the first daffodil pokes its head above the ground.

A hat can make or break your spring outfit. It must at once suit your personality, tie in with the color of your ensemble, flatter your features and enhance your general appearance.

Too often women are swept off their feet by a single virtue in a hat. For example, while the color may be a perfect match or contrast, the shape of the hat may leave much to be desired.

Picture hats, for instance, are particularly complimentary to

A sheaf of sheer white net, knife-pleated, streaks across this dramatic spring creation. The demure pleated net is held in place by a broad band of pink velvet ribbon.

Golden straw leaves are strewn across the stiffened blonde mesh of this spring picture hat. Shallow crowned and wide brimmed, the hat sparkles with scattered rhinestones.

women with long slender faces but do little for naturally round faces.

Hats with horizontal lines, like the one at lower left, are a boon to unusually tall women but a liability for women who are short. On the other hand, turban-type hats aid high heels in coming to the rescue of women who wish they were a little taller.

In choosing the color of your spring hat, don't trust your memory. If you want the hat to match your outfit, take a swatch of material with you on your hat-shopping trip.

And, above all, ask yourself how long you will truly look forward to wearing the hat. When you try it on, does it seem to give an added lilt to your step?

Remember that altogether hats are the perennial butt of jokes by the male of the species, they are as much of a spring tonic as sulphur and molasses. There is nothing like a hat to provide some relief from a winter of dreary landscapes or a month of drab domestic chores.

So when you buy a hat, take a deep breath of courage and take a hat that will make you want to hold your head high.

## Mrs. M. P. May Feted By Birthday Callers

Friends and neighbors feted Mrs. M. P. May of Hamlin by calling at her home Sunday to wish her birthday greetings.

Hostess for the affair was her daughter Mrs. J. Frank, Johnson, of Rotan.

About 75 persons called during the day.

Lone Star delivers a bargain in modern living to 147,575 new homes

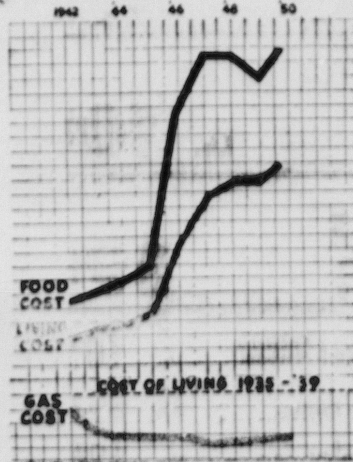

In the last five years, 147,575 homes were built in communities we serve. Imagine, if you can, these new homes without natural gas service. They simply couldn't be as modern—as comfortable, as clean, as convenient.

Modern living in every home is partly our responsibility. So, we have been building new natural gas facilities for these new homes. We've added scores of gas-producing wells, built several hundred miles of cross-country and city pipe lines, and built many other new facilities—totaling over 80 million dollars.

The price of virtually all materials and labor in this building program has gone up . . . up . . . up. Yet, Lone Star natural gas service for homes has not gone up. In fact, natural gas service for homes here is cheaper now than 10 years ago.

Lone Star Gas Company has kept abreast of every community's growth—yet it still costs an average of less than 15 cents a day for gas water heating, gas refrigeration, gas cooking and gas house heating in the average home. Where else does so little buy so much?

U. S. Bureau of Labor Statistics Consumers Price Index for this area shows that the cost of living has climbed to an all-time peak. It costs you almost twice as much to live today as it did 10 years ago. Yet the price of Lone Star Natural Gas Service for homes has decreased. Imagine what your income would be worth today—if the price of everything was like the price of Lone Star Natural Gas Service.

**Popular Buick Riviera Smartly Re-Styled for 1951**

THE EXTREMELY popular Buick Riviera in the Super Series makes its appearance for 1951 with distinctive improvements both inside and out. The unique Buick front end has been completely redesigned to make the bumper-grille combination sturdier and more attractive than ever. A graceful sweepover molding has been added, flowing backward under the fender line contour from the front wheel housing to the rear of the car. Offered as optional equipment on this model for the first time is all-leather trim or a leather-cloth combination. The car is powered by Buick's time-tested Fireball valve-in-head straight eight F263 engine which gives 128 horsepower with Dynaflow Drive. The wheelbase is 121½ inches.

Miss Dorothy Routh, teacher in Midland Schools, was home for the week-end visiting with her parents, Mr. and Mrs. Tom Routh.
